

The ICP is pleased to offer a training course entitled:

TOEFL PREPARATION

Introduction

The TOEFL iBT®, which stands for the Test Of English as a Foreign Language using Internet-Based Test, is an important part of your journey to study in an English-speaking country or in local universities . The TOEFL iBT test measures your ability to use and understand English at the university level. And it evaluates how well you combine your listening, reading, speaking and writing skills to perform academic tasks.

This preparation training prepares you to the tests. It mainly focuses on the English language and its four language skills; reading, listening, speaking, and writing, and the integration of these skills. The training will also familiarize you with the strategies and techniques needed for handling the different kinds of testing tools and tricks used in the TOEFL. Participants are exposed to authentic material and will be able to take a practice test to evaluate their level.

Course contents
